

We can accept files from most popular media, through internet email or our website dropbox. Larger quantities of files can be uploaded to our public FTP folder. You will need an FTP file transfer program.

Please call for a username and password.

Customers meeting certain requirements, can request a private folder to upload files to our server.

Customers requesting economy prints can request a digital calibration file and print to calibrate their monitor. A free test print is recommended.

To avoid editing charges, files should meet the following guidelines:

- \* PC RGB 8 bit per channel uncompressed Tiff or JPG
- \* images must be flattened with no extra channels or layers
- \* images properly sized
- \* srgb color space

**Economy prints:** for customers using a calibrated monitor, and doing their own editing, files sized ready to print. no remakes.

**Deluxe prints:** we will edit for color and density.

**Custom prints:** we will edit for color and density, dodge or burn as needed and do minor subject or background editing. Also for matching to a guide print.

## Canvas Gallery Wraps

Images are printed onto archival canvas with archival pigment inks. A UV lacquer is applied to seal and protect the print from humidity and moisture. The canvas is then stretched over a 1-1/2 inch wooden frame, eliminating the expense of a frame since the image wraps around the edges of the frame. Comes ready to hang.

Call for sizes not listed or panoramic pricing.
